Practice Exams | ACS Exams

Generally speaking, for most of you reading this, the ACS Chemistry Exam is a college chemistry final. This ACS Chemistry Exam is typically given in a specific format, with a 2 hour time limit. Typically, there is a lot of fear among students regarding this exam... and for good reason. In short, the ACS Chemistry Exams are 2 hour standardized tests that have a lot of mystery surrounding them (See link at bottom for more on the format).

ACS Chemistry Exam: What is the ACS Chemistry Exam?

What material should I study for the Analytical Chemistry ACS exam? My professor hasn't said a word about the final exam and there isn't a study guide for the exam like there is for Organic, so I'm not sure if there's anything I should focus on while studying or if I should just study all of the material we've covered. Thanks guys.

What material should I study for the Analytical Chemistry ...

The present study describes a simple and rapid LNP-based immunoassay for detecting anti-SARS-CoV-2 IgG in human serum. Because there is presently no official anti-SARS-CoV-2 IgG standard available, the assay cannot be improved from semiquantitative to accurate quantification.
