Using navigational systems while driving has become second nature, which is why they are so important. That's why it's essential that they are kept up to date, as the UK road network does change up to 15% every year. From using USB drives to accessing BMW's Operating System 7.0, discover how you can keep your BMW updated and on course.

### [Map Updates | BMW ConnectedDrive | BMW UK](#)

BMW adds 142,000 miles of new roads to its maps every year, so updating your maps means your navigation system is going to work a lot better. But BMW is also working hard to improve its map data. Earlier versions can include mistakes (even Google Maps has a few streets that exist in principle , but in reality are just empty fields), and each subsequent map version is going to iron out more of these issues.
