Children's Books: Books

A beautiful book with an important message, learn how to help the bees where you live with the practical activities, such as creating a Bee Hotel and Bee-friendly garden, included in the book. Bees are responsible for so much more than making honey, making this book an important tool in encouraging protection of bees for generations to come.

The Bee Book: Amazon.co.uk: Milner, Charlotte ...

DK's The Bee Book is a wonderful introduction to the humble honeybee: nature's hardest worker, and

much more than just a provider of honey! Bees are incredibly industrious, brilliant at building, super social, and-most importantly-responsible for a third of every mouthful of food you eat!

39 Buzzing Children's Books About Bees

Sarah Bee was born by the Thames and lives in east London with a big dog and an even bigger eucalyptus. She mostly writes at night, mostly. The Yes is her debut picture book. Satoshi Kitamura was born in Tokyo and worked in advertising there before moving to London in 1980.

Children's Books about Bees - Look! We're Learning!

Bee & Me by Alison Jay is a wordless book that takes us on a flight with a bee where we learn just how important bees are to the world. One of my very favorite books about bees is Honeybee: The Busy Life of Apis Mellifera by Candace Fleming. We meet a bee at birth and journey along as the bee moves from job to job in the hive.
