The stories are good lengths, not too long but not too short! Luckily I brought this at only £30 on a lightening deal instead of £150! I wouldnt recommend buying for £150 if your child is heavy handed as the books aren't hardback and can quite easily tear the pages out (this hasn't happened but it easily could) But 100% perfect for Thomas fans!

The most famous of these stories is one of the earliest, Death in Venice was made into the celebrated Visconti film, but all his mature preoccupations are present in this story: the need for a sense of meaning in existence, the relationship between life and art, the central role of sexual energy and the strange forms it can take, the place of death and disease, the importance of work, the individual's complex relations with his society and the dominant culture. These themes are developed in a series of brilliant stories, many of them very short and displaying the author's talent for macabre comedy. Dr Faustus and Buddenbrooks are already available in Everyman
