Process of Conducting Equity Valuation. Equity valuation is followed differently by different individuals. As such, there is no set pre-defined standard process. Instead, equity valuation consists of 4 or 5 broad categories of steps that need to be followed. The procedures maybe different but the objectives are always the same. Every person conducting equity valuation, must in one way or another account for these parameters:

Lundholm & Sloan - Equity Valuation & Analysis
This book spans the void between the abstract theoretical treatment of equity valuation and the practical problem of valuing an actual company using real-world data. We give serious treatment to the underlying theory of financial analysis and valuation, but our main goal is to be able to arrive at a pragmatic answer to the important question, "what is this company really worth?"

Equity Valuation and Analysis: 4th Edition
REVIEW Equity analysis and valuation is the focus of this chapter. This chapter extends earlier analyses to consider earnings persistence and earning power. Earnings persistence is broadly defined and includes the stability, predictability,
