enemies in 937 AD, while *The Wanderer* and *The Seafarer* reflect on exile, loss and destiny. The *Gnomic Verses* are proverbs on the natural order of life, and the *Exeter Riddles* are witty linguistic puzzles. Love elegies include emotional speeches from an abandoned wife and separated lovers, and devotional poems include a vision of Christ's cross in *The Dream of the Rood*, and *Caedmon's Hymn*, perhaps the oldest poem in English, speaking in praise of God.

This new anthology of Afrikaans poems accompanied by their English translations is an extended and revised edition of *Afrikaans Poems with English Translations*, edited by A.P. Grové and C.J.D. Harvey and originally published in 1962. Grové and Harvey's anthology gained a certain prominence in its time on which this anthology aims to build. It will also be a continuation of a specific tradition in Afrikaans literature, namely to collate the best and at the same time the most representative poems in an anthology.

Mathews Phosa developed his love for poetry as a young boy growing up in rural Mpumalanga and Limpopo. experience of the struggle to abolish apartheid in South Africa. Writing in a lyrical style, Phosa addresses such themes as oppression, violence, death and hatred, and recalls the atrocities and tragedies of the migrant-labour system, the murders of innocent children, the detentions without trial, the bannings and the state-sanctioned executions that characterised the apartheid era. He recalls the influences on his life, from his grandparents to struggle leaders, and pays tribute to the role played by women and the youth in the liberation struggle. He celebrates the victory over apartheid and eulogises all those who contributed to the fight for democracy, black and white. *Chants of Freedom* provides raw, powerful and unprecedented insight into the consciousness of a freedom fighter, and ultimately reveals his humanity.

A thought-provoking, speculative look at the world's cultural future addresses the issue of whether or not human society will progress ethically as it progressed technologically. Reprint. UP.

Stephen Spender, along with his friends W. H. Auden, Louis MacNeice and C. Day Lewis, rose to prominence in the 1930s, writing powerfully of the fear and paranoia of a continent heading towards war. By the time of his death in 1995 he had established a distinguished reputation as a poet, critic, editor and translator. This *New Collected Poems*, edited by Michael Brett, gathers seven decades of verse from *Poems* (1933) to *Dolphins* (1994) and the late uncollected work. Reordering

Dreams are the currency of Okri's writing, particularly in this first book of poems, *An African Elegy*, but also in his books of short stories and prize-winning novel *The Famished Road*. Okri's dreams are made on the stuff of Africa's colossal economic and political problems, and reading the poems is to experience a constant succession of metaphors of resolution in both senses of the word. Virtually every poem contains an exhortation to climb out of the African miasma, and virtually every poem harvests the dream of itself with an upbeat restorative ending' - Giles Foden, *Times Literary Supplement*

After describing the functions of the PC and the role of computers in local and global networks, the authors explain the fundamentals of data management, as well as the support of firms' functions and processes through information processing. The concepts utilized are deployed in a multitude of modern and integrated application systems in manufacturing and service industries. These application examples make up the core of the book. Many application examples illustrate the methodologies addressed.
