Journey from St. Petersburg to Moscow is a wild fever dream of a trip through late 18th century Russia in the company of a traveller who sees everything and reacts with febrile and intense emotion to what he sees. This translation is weepy-marvelous.

Journey from St. Petersburg to Moscow is among the most important pieces of writing to come out of Russia in the age of Catherine the Great. Alexander Radishchev's account of a fictional journey blends literature, philosophy, and political economy to expose social and economic injustices and their causes at all levels of Russian society.

Alexander Radishchev’s Journey from St. Petersburg to Moscow is among the most important pieces of writing to come out of Russia in the age of Catherine the Great. An account of a fictional journey along a postal route, it blends literature, philosophy, and political economy to expose social and economic injustices and their causes at all levels of Russian society. Not long after the book’s publication in 1790, Radishchev was condemned to death for its radicalism and ultimately exiled to Siberia instead. Radishchev’s literary journey is guided by intense moral conviction. He sought to confront the reader with urgent ethical questions, laying bare the cruelty of serfdom and other institutionalized forms of exploitation. The Journey’s multiple strands include sentimental fictions, allegorical discourses, poetry, theatrical plots, historical essays, a treatise on raising children, and comments on corruption and political economy, all informed by Enlightenment arguments and an interest in placing Russia in its European context. Radishchev is perhaps the first in a long line of Russian writer-dissenters such as Herzen and Solzhenitsyn who created a singular literary idiom to express a subversive message. In Andrew Kahn and Irina Reyfman’s idiomatic and stylistically sensitive translation, one of imperial Russia’s most notorious clandestine books is now accessible to English-speaking readers.

Primarily an attack on serfdom and an appeal to the serfs voluntarily, Aleksandr Radishchev's Journey from St. Petersburg to Moscow has often been described as a Russian Uncle Tom's Cabin. Published in 1790, the book was banned immediately and the author first sentenced to death, then banished to eastern Siberia. On the order of the Empress Catherine II, who read the Journey very carefully, all copies that could be found were collected and burned. The few that escaped were widely circulated and laboriously copied out by hand, but the book was not freely published in Russia until 1905.

In a bucolic idyll, a terrorist agonizes over the act of violence he is about to commit. On a remote island in the South Pacific, the investigation of a case of mass suicide reveals further mysteries. In a far-flung colony, a cynical trio sends an unwitting man into the wilderness in search of a chimera. Mixing romance and high adventure, intrigue and the fantastic, these magnificent tales by one of Russia’s most enduringly popular writers deftly probe the depths of human nature and desire. Fandango and Other Stories presents a selection of essential short fiction by Alexander Grin, Russia’s counterpart to Robert Louis Stevenson, Edgar Allan Poe, and Alexandre Dumas. By turns a sailor, a dockworker, a vagrant, a gold prospector, a lumberjack, a soldier, a deserter, an agitator, an exile, a prisoner, and a runaway, Grin wrote seven novels and over three hundred short stories that transport the reader to a realm of pure art and imagination. His ingenious plots explore conflicts of the individual and society in a romantic world populated by a cast of eccentric, cosmopolitan characters. Fandango and Other Stories includes works drawn from across the entirety of Grin’s varied career to encompass the range and sophistication of his writing. Bryan Karetnyk’s elegant translations bring Grin’s distinctive voice to a new generation of readers.

A Brown Man in Russia describes the fantastical travels of a young, colored American traveler as he backpacks across Russia in the middle of winter via the Trans-Siberian. The book is a hybrid between the curmudgeonly travelogues of Paul Theroux and the philosophical works of Robert Pirsig. Styled in the vein of Hofstadter, the author lays out a series of absurd, but true stories followed by a deeper rumination on what they mean and why they matter. Each chapter presents a vivid anecdote from the perspective of the fumbling traveler and concludes with a deeper lesson to be gleaned. For those who recognize the discordant nature of our world in a time ripe for demagoguery and for those who want to make it better, the book is an all too welcome antidote. It explores the current global climate of despair over differences and outputs a very different message – one of hope and shared understanding. At times surreal, at times inappropriate, at times hilarious, and at times deeply human, A Brown Man in Russia is a reminder to those who feel marginalized, hopeless, or endlessly divided that harmony is achievable even in the most unlikely of places.

Sumarokov and the literary process of his time -- Visuality and orthodoxy in eighteenth-century Russian culture.

Russians have often been characterized as people with souls rather than selves. Self and Story in Russian History challenges the portrayal of the Russian character as selfless, self-effacing, or self-torturing by exploring the texts through which Russians have defined themselves as private persons and shaped their relation to the cultural community. The stories of self under consideration here reflect the perspectives of men and women from the last two hundred years, ranging from westernized nobles to simple peasants, from such famous people as Tolstoy, Dostoyevsky, Akhmatova, and Nicholas II to lowly religious sectarians. Fifteen distinguished historians and literary scholars situate the narratives of self in their historical context and show how, since the eighteenth century, Russians have used expressive genres—including diaries, novels, medical case studies, films, letters, and theater—to make political and moral statements. The first book to examine the narration of self as idea and ideal in Russia, this vital work contemplates the shifting historical manifestations of identity, the strategies of self-creation, and the diversity of narrative forms. Its authors establish that there is a history of the individual in Russian culture roughly analogous to the one associated with the West.
