Magic Bullets also offers great strategies to avoid state breaks in the woman, categorized as avoidance, blurring, and distraction. Savoy's examples are easy to understand and help anchor the concepts to reality. The broadening of the MM and its 3-phase model is both an improvement and a problem. It weakens the model when you mention that Qualification blends into Comfort, and that both ...

This book was truly a joy to read. It had everything. There's drama, intrigue romance, comedy and a heroine that you will love to root for. I read books to get carried away on an adventure and the Magic Bullet series totally fits the bill. I can't wait to read book 3. Well done Ms Blythe.
