Access 2016 | UniversalClass

The Access 2016 Runtime is similar to previous runtimes in that all design-related UI is either removed or disabled. You do not need to buy any special product in order to redistribute the Access 2016 Runtime. You can freely redistribute it or point users to this download. Web based Apps for SharePoint that are built with Access 2016 do not require a runtime - only a supported web browser is required.
