Pivotal role in patient care for radiographers

Online Library

Patient Care In

Delivering consistent levels of education and training throughout Europe remains an important challenge as radiographers play an increasingly pivotal role in patient care and patient safety.

~~Pivotal role in patient care for radiographers~~
The imaging staff

Online Library Patient Care In

found that care is expressed in an administrative, an instrumental, and a compassionate sense. The imaging staff perceived care in a way that clearly differs from the traditional perception of care understood as the close relations between people.

~~Radiography~~—9th
Edition

Radiographers work closely with medical doctors, nurses and other AHPs to diagnose and treat injuries and illnesses.

Diagnostic radiographers employ a range of techniques to produce high quality images to diagnose an injury or

Online Library Patient Care In

disease. We are responsible for providing safe and accurate imaging examinations and often also the resultant report.
