This literal survival guide for new pilots identifies "the killing zone," the 40-250 flight hours during which unseasoned aviators are likely to commit lethal mistakes. Presents the statistics of how many pilots will die in the zone within a year; calls attention to the eight top pilot killers (such as "VFR into IFR," "Takeoff and Climb"); and maps strategies for avoiding, diverting, correcting, and managing the dangers. Includes a Pilot Personality Self-Assessment Exercise that identifies pilot "types" and how each type can best react to survive the killing zone.

747 is the thrilling story behind "the Queen of the Skies"—the Boeing 747—as told by Joe Sutter, one of the most celebrated engineers of the twentieth century, who spearheaded its design and construction. Sutter's vivid narrative takes us back to a time when American technology was cutting-edge and jet travel was still glamorous and new. With wit and warmth, he gives an insider's sense of the larger than life-size personalities—and the tensions—in the aeronautical world.

The essays which appear in this volume have been written to pay tribute to the Hon Mr Justice Nial Fennelly, judge of the Supreme Court of Ireland and former Advocate General at the European Court of Justice, on the occasion of his retirement. The contributors are all past and present members of the European bench, members or former members of the Irish judiciary or Bar and/or experts in European Union law, many of whom have worked with Mr Justice Fennelly during his long and distinguished career at the Bar and on the bench.

The beloved New York Times bestselling Dominick Trilogy Rhea blinked in disbelief. "What an insufferable man you are. And whether you are, as you would have me believe, a marquis, or whether you are a tinker, I would still find you the rudest, most vulgar individual I have ever had the misfortune to encounter." "Well done, my dear. I am impressed by this splendid show of ladylike disdain, feigned though it be, but well done nonetheless. But the light of truth has revealed you in my cabin. Now, how do you explain yourself out of that?"
