Meadowbrook Polo Club - New York

The Polo Grounds was the name of three stadiums in Upper Manhattan, New York City, used mainly for professional baseball and American football from 1880 through 1963. The original Polo Grounds, opened in 1876 and demolished in 1889, was built for the sport of polo. Bound on the south and north by 110th and 112th Streets and on the east and west by Fifth and Sixth (Lenox) Avenues, just north of ...

Polio, or poliomyelitis, is a disabling and life-threatening disease caused by the poliovirus.; The virus spreads from person to person and can infect a person's spinal cord, causing paralysis (can't move parts of the body).

Embodying a chic casualness that is uniquely American, the Polo shirt is a cultural symbol, worn by everyone from movie stars and presidents to athletes and artists. The Polo shirt is to Ralph Lauren what Mickey Mouse is to Disney or the Empire State Building is to New York City. Whether worn with the collar popped up, open and untucked, or dressed up under a suit jacket, the Polo embodies the optimism of American style. In Lauren's words, "It's honest and from the heart and hopefully that is what touches the diversity of all who wear it. It was never about a shirt, but a way of living." Featuring a gallery of stars from the worlds of sports, politics, film, and music—from Leonardo DiCaprio and Spike Lee, to Bill Clinton and Oprah Winfrey, to Pharrell Williams and Venus Williams—as well as everyday people who make the Polo their canvas for self-expression, The Polo Shirt looks at the enduring cool of a wardrobe classic. Included are the full range of colors, styles, and fits the shirt has been produced in during its more than 50 year history. From the classic white to the weathered Polo, from the striped Polo to the US Olympic, US Open, and Wimbledon Championship collaborations, this catalogue celebrates the full spectrum of the Polo, making it a collector's dream.

The Far East comes alive in this activity book centered on Marco Polo's journey to China from Venice along the 13th-century Silk Road. Kids will join Marco as he travels by caravan through vast deserts and over steep mountain ranges, stopping in exotic cities and humble villages, until at last he arrives at the palace of the Kublai Khan. Woven throughout the tale are 21 activities that highlight the diverse cultures Marco encountered along the way. Activities include making a mythical map, creating a mosaic, fun with Feng Shui, making paper, and putting on a wayang-kulit (shadow-puppet play). Just for fun, kids will learn a few words of Turkish, Persian, Mongol, Hindi, and Chinese. A complete resource section with magnificent museums and their Web sites invites kids to embark on their own expedition of discovery.

Polo the dog sets out from his home and enjoys many adventures, including sailing his boat on top of a whale, roasting hot dogs over a volcano, and taking a ride in a spaceship built from a mushroom.

It was perhaps the first book to achieve best-seller status before the invention of the printing press—it was certainly the most controversial. Did Venetian trader and explorer MARCO POLO (1254-1324) actually reach the court of Kublai Khan, serve the emperor as his emissary, and journey the distant lands of Cathay for 17 years, as he relates in his *Travels of Marco Polo*? The question still hasn't quite been settled today... but whether Polo experienced firsthand the wonders of ancient China, retold tales he heard from Arab travelers along the Silk Road, or simply invented half his stories, this remains a delightful read for fans of history, adventure, and medieval literature.

When Joe, Fred, and Sam play Marco Polo at the local YMCA, they are magically transported to thirteenth-century China where they encounter the real explorer.

As the first European to travel extensively throughout Asia, Marco Polo was the earliest bridge between East and West. His famous journeys took him across the boundaries of the known world, along the dangerous Silk Road, and into the court of Kublai Khan, where he won the trust of the most feared and reviled leader of his day. Polo introduced the cultural riches of China to Europe, spawning centuries of Western fascination with Asia. In this lively blend of history, biography, and travelogue, acclaimed author Laurence Bergreen separates myth from history, creating the most authoritative account yet of Polo's remarkable adventures. Exceptionally narrated and written with a discerning eye for detail, *Marco Polo* is as riveting as the life it describes.

In this wordless picture book, Polo the dog becomes trapped in the ice and snow while out sailing one day, but a friendly dragon helps him escape.

This book profiles over 30 of the most influential polo players from history. The players covered were selected for inclusion based on their

overall impact on the game rather than their prowess on the field, although many covered are considered all-time greats. With contributions from many of the world's leading polo journalists, each chapter covers an individual player, and players include early pioneers, those who played during the golden era (the years between World War I and World War II), superstars, game-changers, and great contemporaries. Includes numerous photographs and a foreword by H.R.H. The Prince of Wales.

Explore everything that New York, the City that Never Sleeps, has to offer with this handy, pocket sized guide complete with pull out map. Insider Tips reveal where you can discover the secrets of Grand Central Station and why you might visit the Polish National Home.

A biography of the Italian explorer who became famous for his travels in Asia.
