The softcover split edition of ECCE ROMANI 1 contains chapters 18 through 27. View the Ecce Romani Interactive Textbook

ECCE ROMANI - a Latin reading course - was first published in 1971. Its aims are to bring pupils quickly to the point where they can read Latin with confidence, and also to give them some insight into life in the early Roman Empire. The reading passages are written in a lively style and grammatical information is dealt with efficiently and sensibly. This second edition is the result of a complete revision and now provides better preparation for examinations at 16+. It consists of five course books (each with an accompanying book of teacher's notes), two companion reference books and a Roman Studies Handbook containing bibliographical references.

Learn to Read Latin helps students acquire an ability to read and appreciate the great works of Latin literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a wide variety of Latin texts. As beginning students learn basic forms and grammar, they also gain familiarity with patterns of Latin word order and other features of style. Learn to Read Latinis designed to be comprehensive and requires no supplementary material explains English grammar points and provides drills especially for today's students offers sections on Latin metrics includes numerous unaltered examples of ancient Latin prose and poetry incorporates selections by authors such as Caesar, Cicero, Sallust, Catullus, Vergil, and Ovid, presented chronologically with introductions to each author and work offers a comprehensive workbook that provides drills and homework assignments. This enlarged second edition improves upon an already strong foundation by streamlining grammatical explanations, increasing the number of syntax and morphology drills, and offering additional short and longer readings in Latin prose and poetry.

The title of this series of Latin books is Ecce Romani, which means "Look! The Romans!" The books in the series will present the Romans to you as you learn the Latin language that they spoke. At first you will meet the members of a Roman family; Latin is the language they use to communicate among themselves. As you continue reading you will meet mythological and historical characters that meant much to the Romans and remain part of our cultural heritage today. You will be introduced to a vast and colorful world of ancient Mediterranean and European civilizations that included peoples who spoke many different languages, and you will meet people of many different cultures and social levels, ranging from slaves to emperors. You will read passages from many ancient Roman writers and thus come into direct communication with the ancient Romans themselves. - Introduction.

This hardcover edition contains Chapters 28 through 54 of the storyline, plus outstanding support for Word Study, Roman Life, Frontier Life, History, and Mythology. The 4th Edition does not offer softcover split editions of ECCE ROMANI II. View the Ecce Romani Interactive Textbook

Three scary stories in graphic format in Latin! The stories are designed for the intermediate Latin student with limited vocabulary and grammar to ensure readability. In addition, the book contains a full glossary, grammatical index and description of the historical setting of each story. Learn Latin through compelling, colorful reading. More info and sample comic pages (not shown on Amazon) on [www.latinahilara.com](http://www.latinahilara.com)

In this provocative book, Marvin Perry and Frederick M. Schweitzer analyze the lies, misperceptions, and myths about Jews and Judaism that anti-semites have propagated throughout the centuries. Beginning with antiquity, and continuing into the present day, the authors explore the irrational fabrications that have led to numerous acts of violence and hatred against Jews. The book examines ancient and medieval myths central to the history of anti-semitism: Jews as 'Christ-killers', instruments of Satan, and ritual murderers of Christian children. It also explores the scapegoating of Jews in the modern world as conspirators bent on world domination; extortionists who manufactured the Holocaust as a hoax designed to gain reparation payments from Germany; and the leaders of the slave trade that put Africa in chains. No other book has focused its attention exclusively on a thematic discussion of historic and contemporary anti-semitic myths, covering such an expansive scope of time, and allowing for such a painstaking level of exemplification. Anti-semitism is an essential book that will serve as a corrective to bigotry, stereotype, and historical distortion.
