Chapter 6: THE MILITARY BALANCE .
Today, in virtually every measure of military power, the Soviet Union enjoys a decided advantage. Ronald Reagan 1, 1983 (40th President of the U.S.) The United States is the most powerful country in the world. . . . I believe those who mistakenly claim that the United States is weak or that the Soviet

and figures on the military forces in the region. Tracing the origin of the military forces in each Middle East country, Tony Cordesman discusses current security developments and provides a qualitative and quantitative analysis of the strength and effectiveness o

Intensifying geopolitical rivalries, rising defence spending and the proliferation of the latest military technology across Asia suggest that the region is set for a prolonged period of strategic contestation. None of the three competing visions for the future of Asian order – a US-led ‘ Free and Open Indo-Pacific ’ , a Chinese-centred order, or the ASEAN-inspired ‘ Indo-Pacific Outlook ’ – is likely to prevail in the short to medium term. In the absence of a new framework, the risk of open conflict is heightened, and along with it the need for effective mechanisms to maintain peace and

stability. As Asia's leaders seek to rebuild their economies and societies in the wake of COVID-19, they would do well to reflect upon the lessons offered by the pandemic and their applicability in the strategic realm. The societies that have navigated the crisis most effectively have been able to do so by putting in place stringent protective measures. Crisis-management and -avoidance mechanisms – and even, in the longer term, wider arms control – can be seen as the strategic equivalent of such measures, and as such they should be pursued with urgency in Asia to reduce the risks of an even greater calamity.

Up-to-date, authoritative information on military capabilities in the Middle East. The explosion of violence between Israelis and Palestinians that began in late 2000 is a tragic reminder of the potential for armed conflict in the Middle East. Although many developments in the 1990s appeared to have reduced the likelihood of war in the region, stability between Israel and its Arab neighbors remains tenuous. Security in the

Persian Gulf also remains uncertain, as Iran and Iraq have continued their pursuit of weapons of mass destruction.

Understanding the dynamics of security in the Middle East requires detailed information on the military capabilities of the region's countries. The Middle East Military Balance is prepared annually by the Jaffee Center for Strategic Studies in Tel Aviv. It is based on data from many sources, including some that are unavailable to other institutes. With its wealth of current, hard-to-find information, it offers an authoritative and indispensable guide to military capabilities in the Middle East.

Governments, the media, and researchers pay close attention to its data and analysis each year.
