~~Gold (The Moody Blues album) — Wikipedia~~

The Moody Blues get the two-disc treatment on the latest installment of Polydor's surprisingly thorough Gold series. Rather than just assemble the usual suspects around staples like "Tuesday Afternoon" and "Story in Your Eyes" (which are here), the compilers dove deep into the group's career, providing tracks from solo recordings like "Remember Me My Friend" from Justin Hayward and John Lodge 's excellent Blue Jays album and their gorgeous follow-up single, "Blue Guitar," as well as lesser ...

In October 1998, Polydor/Threshold released The Moody Blues Anthology. In 2005, Universal reissued it as part of their Gold series with new mastering, different cover and a slightly different song list. The single version of Nights In White Satin here replaces the album version which also included Late Lament on Anthology.

(Book). A colorful pictorial look at the top 1,000 hits of the past 50 years! Each and every hit of the rock era is shown in this beautiful book, in full color with complete Billboard chart data. Each entry

includes the original 45 RPM picture sleeve, cassette single box, CD single insert, sheet music, and/or full-page Billboard ad along with: overall Top 1,000 rank, peak position, weeks at peak position, and the year it charted. The book also includes: an Artist Section listing all Top 1,000 titles by the artist's name; an A-to-Z Title Section listing all Top 1000 titles in alphabetical order; a Yearly Section listing the Top 40 hits, year by year from 1955-2005. Over 100 pages of color images pictorially represent every top hit of the rock era. An intriguing, one-of-a-kind book!

The most complete guide to every artist and album that has ever charted in the UK Album chart, with details on over 14,800 albums and biographies on every one of the 3,180 acts that have appeared since the chart first started in 1958. From a Top Ten in 1958, the album chart has grown in both size and stature over the years. Increased to a Top Twenty in 1960, the chart grew to a Top 30 by 1966, a Top 40 later that year, a Top 50 in 1971, a Top 75 in 1978 and a Top 100 in 1981. By 1989, when compilation albums and soundtracks were a major factor in the chart, a decision was taken to produce two charts; a Top 75 artist chart and a Top 20 compilation chart. Every single entry on all these charts is included in Collins Complete UK Hit Albums. 3,180 acts have registered just over 11,300 hit albums; also listed are the approximately 3,500 soundtracks and compilation albums that have also hit the charts. Hit Singles: a brief biography of each of the 3,180 or so artists who have had hit albums, details of BPI awards, Platinum Europe awards and RIAA Diamond awards and details of BRIT, Grammy awards and US Number Ones. Just as with the single chart, the album chart is not without its peculiarities and so you will learn of the album that took nearly four years to hit the number one spot, the album by Sigur Ros that had no title as opposed to that by Fiona Apple which registered the longest title (all 89 words), the artists whose chart career consists of a single week at position 100 as opposed to Fleetwood Mac's Rumours which has spent 477 weeks on the chart, including one week at number one.

Lyndon Johnson and Mac Wallace crossed paths only briefly; but Wallace's life, especially one violent episode and its intricate aftermath, illuminates the dark side of our 36th president. Perhaps no president has a more ambiguous reputation than LBJ. A brilliant tactician, he maneuvered colleagues and turned bills into law better than anyone. But he was trailed by a legacy of underhanded dealings, from his "stolen" Senate election in 1948 to kickbacks he artfully concealed from deals engineered with Texas wheeler-dealer Billie Sol Estes and defense contractors like his longtime supporter Brown & Root. On the verge of investigation, Johnson was reprieved when he became president upon JFK's assassination. Among the remaining mysteries has been LBJ's relationship to Mac Wallace who, in 1951, shot a Texas man having an affair with LBJ's loose-cannon sister Josefa, also Wallace's lover. When arrested, Wallace coolly said "I work for Johnson . . . I need to get back to Washington." Charged with murder, he was overnight defended by LBJ's powerful lawyer John Cofer, and though convicted, amazingly received a suspended sentence. He then got high-security clearance from LBJ friend and defense contractor D.H. Byrd, which the Office of Naval Intelligence tried to revoke for 11 years without success. Using crucial Life magazine and Naval Intelligence files and the unredacted FBI files on Mac Wallace, never before utilized by others, investigative writer Joan Mellen skillfully connects these two disparate Texas lives and lends stark credence to the dark side of Lyndon Johnson that has largely gone unsubstantiated.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.
