The Sky Readers. Sue Murray. Noordhoff Uitgevers BV, 2014. 0 Reviews. Lewins rustige leventje verandert totaal als hij zestien wordt en er achter komt dat hij een 'hemellezer' is: hij heeft inzicht in verleden, heden en toekomst. Vanaf ca. 12 jaar. What people are saying - Write a review.

Iconoclastic detective Jackson Brodie returns in a triumphant new novel about secrets, sex, and lies. Jackson Brodie has relocated to a quiet seaside village, in the occasional company of his recalcitrant teenage son and an aging Labrador, both at the discretion of his ex-partner Julia. It's picturesque, but there's something darker lurking behind the scenes. Jackson's current job, gathering proof of an unfaithful husband for his suspicious wife, is fairly standard-issue, but a chance encounter with a desperate man on a crumbling cliff leads him into a sinister network -- and back across the path of his old friend Reggie. Old secrets and new lies intersect in this breathtaking novel by one of the most dazzling and surprising writers at work today. "Thank goodness the long Jackson Brodie hiatus is over." --Janet Maslin, New York Times

"George, a Dublin lawyer, opens his eyes. It's 7am. There's blood, thick dark blood, in his bed. What's happened? It's not his blood, so whose is it? George wants to know. And so does Inspector Sean Murphy of the Dublin police."--Cover.

"Hiro, a 20-year-old Japanese student, sits next to an old man on a train to Berlin. By mistake, Hiro reads the man's text messages. What do they mean? Is the man really a businessman or is he a killer? Hiro thinks he knows, but in Berlin no-one listens to his warnings." -- back cover.

All aboard a lavish visual celebration of one of Disney's most iconic and beloved creations: the Disney Monorail. Through a lively and succinct narrative and a stunning collection of unique historical photographs and rare concept and development art (much of it never before published) readers will be transported through the imagination of one of the great twentieth century geniuses, and into a future where yesterday's dreams are tomorrow's realities! Walt Disney is renowned as a cartoonist, filmmaker, showman, and entertainment icon. But he was also a far-sighted futurist, a transportation buff with practical roots in the past, and visionary sights set on the future. In imagining his Disneyland park, Walt saw it not only as a destination for diversion and entertainment, but also as a means of presenting practical demonstrations of new ideas and new technology with real-world applications. As Walt said, "Tomorrow offers new frontiers in science, adventure, and ideals: the Atomic Age . . . the challenge of outer space . . . and the hope for a peaceful and unified world." In The Disney Monorail: Imagineering a Highway in the Sky, readers will discover the parallel stories of the development of a new form of transportation and the evolution of Walt's prophetic creative mind, which resulted in the first daily operating monorail in the Western Hemisphere. From that day in June 1959, this mid-century modern marvel has captured the hearts and imaginations not only of theme park and Disney fans everywhere. It has also inspired, as Walt had hoped, the creation of working monorails in practical transit applications in varied locations all around the world.

In the words of bestselling author Susan Vreeland, "Renate Dorrestein knows how to chill her readers with tragedy and then melt their hearts with forgiveness." A Heart of Stone is a story of love, fate, and survival that plumbs the undercurrents of family life with passion and skin-prickling suspense. Growing up with her adored siblings in a rambling house in Holland, clever, precocious Ellen has an idyllic childhood suffused with Americana from her parents' news-clipping service—from Coca-Cola to Kissinger to Neil Armstrong's first step on the moon. But amid the happiness lies terror and unimaginable heartbreak and a twelfth birthday that haunts her still. Twenty-five years later, as Ellen tries to make sense of her adulthood,
