evidence-based, facilitated group approach to healing from the effects of trauma. It combines elements of social skills training, psychoeducational and psychodynamic techniques, and emphasizes peer support. It focuses on consumers age 18 to 55, male or female, with severe mental disorders, and/or substance use disorders.

Trauma Recovery and Empowerment Model (TREM) | Improving ...

Although the authors indicate that Trauma Recovery and Empowerment was written for practicing clinicians, they consciously avoid the use of diagnostic and treatment-related language. They write that the trauma survivors in their groups usually did not view their abuse, past or present, as their primary problem.

Trauma Recovery And Empowerment A Clinicians Guide For ...

Empowerment One of the primary components in any recovery program is attaining empowerment. Since TIC incorporates and recognizes the trauma in your life, it offers more than conventional recovery care. It aims to shed light on your past experiences by helping you make sense of why you are hanging onto these experiences.

Principles of Trauma-Informed Care - True Recovery

The core experiences of psychological trauma are disempowerment and disconnection from others. 1 Recovery therefore is based upon empowerment of the survivor and the creation of new connections. Recovery can take place only within the context of relationships; it cannot
